October 4, 2016

Dear Dr. Swaminathan,

Diary No. 4496

Date: 17/10/2016

You are already aware that the Ministry of Science & Technology and Ministry of Earth Sciences in association with Vijnana Bharati (VIBHA) will be organising the 2nd India International Science Festival (IISF-2016) during 7-11 December, 2016 at the CSIR-National Physical Laboratory (NPL), New Delhi. IISF, as you know, plans to be one of the biggest showcases of Indian science focussed towards a very large number of students, young researchers and common people.

IISF-2016 with its theme "Science for the Masses" has been planned with various events such as:

- Showcasing of outstanding S&T contributions through regular or digital posters/working model presentations.
- Young Scientists Meet: presentation/lectures by the young scientists on their research contributions/innovations.
- Science & Technology Expo: theme-based pavilions in Engineering, Water, Healthcare, Agriculture, Environments, strategic sectors, etc.
- Public Outreach Day at respective S&T Department's Research Institute/Laboratory as an important precursor event of IISF-2016 (involving local students) on a suitable date between 1-15 November, 2016 under the banner of IISF-2016.

IISF-2016 would need the active involvement of all of our scientific community including the research students to make it a success. Participation of young scientists for the Young Scientists Meet, nomination of research students/scientists as delegates, organizing a theme-based pavilion at Science & Technology Expo are some of the expectations from each of the scientific institutions /organizations

I would like to request you to kindly sensitize the research institutes/laboratories, which are part of your department/organization for their support and active involvement to make IISF-2016 a great success.

I shall greatly appreciate receiving your kind response, a copy of which may kindly be marked to Director, NPL at director@nplindia.org and also at achakraborty@csir.res.in.

With kind regards,

Yours sincerely,

Girish Sahni

[Girish Sahni]

Dr. Soumya Swaminathan
Secretary, DHR and Director General
Indian Council of Medical Research
