Office Memorandum**Subject – Foreign visits and leave of Scientists/Officials of ICMR - reg**

A kind reference is invited to this Office OM No. 16/18/2019-Admn.II dated 05.07.2019 (copy enclosed) containing clear instructions for strict adherence while submitting proposals for Foreign Visits (Both Official and Private) and Leave of Scientists/Officials of ICMR.

There has been many instances, where the proposals for Foreign visit (Official/Private) (from the Institutes/Centres/Division of ICMR,HQs) are received very close to the date of proposed travel, thereby giving very less time to complete the process of obtaining approval of the Competent Authority, and thereafter necessary clearances from MEA/MHA. This has been observed even by the Ministry of External Affairs, and ICMR has been advised to submit the request for clearances well in advance. It has also been observed that the post-visit Tour Report for approval, which should be submitted within 15 days of completion of Official Foreign Visit, are not being received on time.

In view of the above, it is reiterated that the instructions contained in the aforementioned OM dated 05.07.2019, should be scrupulously observed, and the prsoposal for Foreign visit (Official/Private) should reach ICMR Hqs at least 45 days before the date of the proposed visit. Where there is no time left for processing the foreign visit case well in time, such proposal should not be forwarded to ICMR HQs.
