

Director General, ICMR's Address on the Occasion of New Year

Dr Balram Bhargava, Secretary, DHR & Director General, ICMR addressed the staff of ICMR and its institutes on the occasion of New Year. He appreciated the efforts of ICMR undertaken in the fight against COVID-19. He highlighted that ICMR emerged as a strong organization during the pandemic and delivered more than expected. He stressed that the organization need to continue the momentum and work towards elimination of Malaria and Tuberculosis. He emphasized that Ministry of Health and Family Welfare is looking forward towards a greater collaboration in achieving the goal of Malaria and TB elimination by 2030 and 2025 respectively. He accentuated the need to work in mission mode and design projects that are scientifically strong and could be brought to logical end and utilized to better the public health of the nation. He motivated the staff to serve the nation and putting the good of the greater society above one's personal interests.
